Term Information

Effective Term  
Spring 2013

Previous Value  
Summer 2012

Course Change Information

What change is being proposed? (If more than one, what changes are being proposed?)
We are requesting that this course be split into two independent 7-week courses (8916 and 8917). 8916 has been submitted as a new course.

What is the rationale for the proposed change(s)?
Two different instructors will be independently teaching one half of this course, so it will make administration of the courses more streamlined for each professor to offer each half as an independent course.

What are the programmatic implications of the proposed change(s)?
(e.g. program requirements to be added or removed, changes to be made in available resources, effect on other programs that use the course)?
There are no programmatic implications for this change. Students will still receive all the material.

Is approval of the request contingent upon the approval of other course or curricular program request? Yes
Please identify the pending request and explain its relationship to the proposed changes(s) for this course (e.g. cross listed courses, new or revised program)
A new course request was submitted (PAES 8916). It will be offered in the first seven weeks of spring term and this course (PAES 8917) will be offered during the second seven weeks of spring term. 8916 will cover the Behaviorism component and 8917 will cover the Verbal Behavior component.

Is this a request to withdraw the course? No
