Course Change Information

What change is being proposed? (If more than one, what changes are being proposed?)
Remove prerequisites 1178.02 or equiv.

What is the rationale for the proposed change(s)?
Students are misjudging their self-assessment of appropriate skill level and thus are not attempting to enroll in the appropriate level swim course due to current prerequisites. What are the programmatic implications of the proposed change(s)?
(e.g. program requirements to be added or removed, changes to be made in available resources, effect on other programs that use the course)?
N/A

Is approval of the request contingent upon the approval of other course or curricular program request? No
Is this a request to withdraw the course? No
