Course Change Information

What change is being proposed? (If more than one, what changes are being proposed?)
Add program pre-requisites to allow TESOL Endorsement candidates to enroll in this required course for the endorsement.

What is the rationale for the proposed change(s)?
Candidates for TESOL Endorsement (often registered as graduate non-degree or Extended Education/undergrad non-degree students) might be unable to enroll currently, given the currently narrow pre-req. Eligible students should be able to enroll themselves into this course.

What are the programmatic implications of the proposed change(s)?
(e.g. program requirements to be added or removed, changes to be made in available resources, effect on other programs that use the course)? Adding these program specifications will allow broader student access to this course and to our endorsement program.

Is approval of the request contingent upon the approval of other course or curricular program request? No

Is this a request to withdraw the course? No
