Effective Term: Summer 2013

Course Change Information

What change is being proposed? (If more than one, what changes are being proposed?)
withdraw course

What is the rationale for the proposed change(s)?
This is a new course in semesters, and was intended to allow students a way to do an internship without paying tuition, and receive credit for it after the fact by putting together a portfolio of the experience. We found that there was little control over the student experience, and no way to protect the student or employer from questionable or insubstantial responsibilities. We are thus withdrawing the course.

What are the programmatic implications of the proposed change(s)?
(e.g. program requirements to be added or removed, changes to be made in available resources, effect on other programs that use the course)?
Students will now take only the CS 3191 internship experience, under the supervision of one of 3 intern coordinators in Fashion & Retail Studies, Hospitality Management, or Consumer & Family Financial Services.

Is approval of the request contingent upon the approval of other course or curricular program request? No
Is this a request to withdraw the course? Yes
