### Requirement/Elective Designation
The course is an elective (for this or other units) or is a service course for other units

**Course Details**

**Course goals or learning objectives/outcomes**

• 1 Describe the equipment used in flyfishing  
• 2 Demonstrate basic fly casting proficiency  
• 3 Identify the major forms of aquatic insects  
• 4 Produce 3-4 basic fly patterns  
• 5 Demonstrate safe fishing practices  
• 6 Successfully hook, fight, and land fish

**Content Topic List**

• Course introduction and overview  
• Basic fly fishing theory; Basic fly fishing terminology  
• Basic fly fishing techniques; equipment  
• Trip planning; Safety procedures and protocol  
• Mandatory evening trip  
• Mandatory all-day trip  
• Final Exam

**Attachments**

• Flyfishing Syllabus Template.docx  
  (Syllabus. Owner: Shiebler,Charles L)

**Comments**

• This course has been successfully offered previously as 139.07 experimental. It will be taught by an adjunct with no instructional or equipment costs to SFHP. (by Shiebler,Charles L on 06/13/2013 04:25 PM)

Course Description
Introduction to Fly Fishing is intended to be an introduction to the materials and methods of fly fishing. Through a combination of classroom and field activities, students should feel comfortable choosing and using equipment suited for fly fishing in ponds, lakes, and rivers in the Midwest. While there is an academic component of the course, emphasis is on participation. Actively participating in all class and field sessions is essential to success in this class.

Relationship to Other Courses
This is a basic activity course in the Sport, Fitness, and Health Program. It is open to any student at The Ohio State University. There are no prerequisites for this course.

Course Objectives
By the end of the semester, the student should be able to:
1. Describe the equipment used in flyfishing
2. Demonstrate basic fly casting proficiency.
3. Identify the major forms of aquatic insects.
4. Produce 3-4 basic fly patterns.
5. Demonstrate safe fishing practices.
6. Successfully hook, fight, and land fish using a fly rod.

Text
There is no required text to purchase for this course. All course materials will be made available on CARMEN for each enrolled student.

Off Campus Field Experience
Students will be required to attend both an evening and day-long trips to waters within a two-hour drive. Students must travel in course assigned transportation.

Statement on Diversity
The College of Education and Human Ecology affirms the importance and value of diversity in the student body. Our programs and curricula reflect our multicultural society and global economy and seek to provide opportunities for students to learn more about persons who are different from them.
Discrimination against any individual based upon protected status, which is defined as age, color, disability, gender identity or expression, national origin, race, religion, sex, sexual orientation, or veteran status, is prohibited.

The Department of Human Sciences (DHS) is committed to maintaining a community that recognizes and values the inherent worth and dignity of every person; fosters sensitivity, understanding, and mutual respect among its members; and encourages each individual to strive to reach his or her own potential. In pursuit of its goal of academic excellence, the School seeks to develop and nurture diversity, believing that it strengthens the organization, stimulates creativity, promotes the exchange of ideas, and enriches campus life. DHS prohibits discrimination against any member of the school’s community on the basis of race, religion, color, sex, age, national origin or ancestry, marital status, parental status, gender identity, sexual orientation, ability status, health status, or veteran status.

**Technology**
The use of CARMEN is employed in this course for the dissemination of course materials such as syllabus, handouts and course notes. Additional means of communication between the instructor and students are available through the use of OSU email.

**Topical Outline (Calendar)**
- Class 1: classroom session
- Class 2: classroom session
- Class 3: classroom session
- Class 4: evening trip 5-9pm
- Class 5: classroom session
- Class 6: day trip & exam Saturday, 10am departure from location TBA

No exam will be held for this course during final exam week. The final exam will be administered during the last class (day trip).

**Day trip & exam:**
The date of the trip may change due to unexpected circumstances (weather, high water). If this occurs, the instructor will attempt to find a makeup date that is suitable for all students, but may not be possible. It is the responsibility of each student to make whatever arrangements are needed to complete the course. While missing a single class may not result in failure (due to points), it will drastically affect the student’s overall score.

Not attending the day trip will result in failure of the course. If the date of the trip is moved (due to weather or river conditions), every effort will be made to offer a makeup opportunity.

**Departure:**
10am - Students must check-in by 9:45am. The trip meeting location will be announced in class. Anyone not on time for departure will be left behind and will automatically fail the course.

**Return:**
Class will arrive back in Columbus at approximately 10pm. The class will not be dismissed until after the vehicle(s) has been cleaned out and approved by the driver.
Evaluation

This course is S/U graded, Satisfactory/Unsatisfactory. The student must achieve 80% or greater to obtain a Satisfactory grade.

Complete classroom and activity attendance/participation are strongly advised. This allows for the appropriate assessment of knowledge application and testing of skills. Attitude, respect of authority, and cooperation are essential to safety, learning, and enjoyment of all group outdoor activities. There are no make-up classroom sessions or trips (unless dates are moved due to weather). It is the responsibility of each student to make whatever arrangements are needed to complete the course.

Classroom sessions - 36% of grade
Students are expected to attend all classroom sessions. There will be no make-up classroom sessions offered. No one will be admitted to class 30 minutes after the start of each classroom session.

Evening trip – 12% of grade
Students are expected to show up on time, follow all safety rules, stay with the class during travel, and participate in all activities.

Day trip – 22% of grade
Students are expected to show up on time, follow all safety rules, stay with the class during travel, and participate in all activities.

Knowledge - 30% of grade
The student will complete a written exam that will cover the material presented in the class sessions (terminology, equipment, history, ethics, etc.). This exam will be administered during the day trip.

Excused Absences
An excused absence means that the student will be given an opportunity to make up work (or an assignment equivalent to the work) that he or she missed. There are four situations which constitute an “excused absence” from the class meeting time and trips. They are:

1) Students who participate in a documented University sanctioned event
2) Students who have a documented death in the family
3) Students who are observing a religious holiday
4) Students who are too ill or injured to participate in class

- In accordance with Faculty Rule 3335-7-15, students who will be participating in University sanctioned events must provide the instructor with a copy of the scheduled events and those classes which will be missed. This documentation must be on University letterhead, signed by the coach/supervisor, and given to the instructor within the first two weeks of the semester.
- Students who have missed class due to a death in the family must provide documentation of the death (death certificate, obituary, etc.).
• Students who will be observing a religious holiday must provide date/event written notification to the instructor within the first two weeks of the semester.
• Students who are too ill or injured to participate in class must provide written documentation from a physician stating that the student cannot participate in class.
• Any excused absences must be made up within two weeks of the absence and the student must submit an official “SFHP Course Make Up Form.” Failure to complete an “SFHP Course Make Up Form” and the necessary activity within two weeks will result in that absence becoming an unexcused absence. The make up form is available from the instructor. There will be no make up of unexcused absences.

Students with extenuating circumstances that are in conflict with these set policies are encouraged to contact the instructor during office hours or by appointment.

ODS Statement
Any student who feels s/he may need an accommodation based on the impact of a disability should contact one of the instructor privately to discuss specific needs. The Office of Disability Services is relied upon for assistance in verifying the need for accommodations and developing accommodation strategies. Please contact the Office for Disability Services at 614-292-3307 (V) or 614-292-0901 (TDD) in room 150 Pomerene Hall to coordinate reasonable accommodations; http://www.ods.ohio-state.edu/. Please make sure that students know they will be expected to follow Americans with Disabilities Act Guidelines for access to technology.

Grievances and Solving Problems
According to University Policies, available from the Division of Student Affairs, if you have a problem with this class, “You should seek to resolve a grievance concerning a grade or academic practice by speaking first with the instructor or professor: Then, if necessary, with the department chairperson, college dean, and provost, in that order. Specific procedures are outlined in Faculty Rule 3335-7-23, which is available from the Office of Student Life, 208 Ohio Union.” “Grievances against graduate, research, and teaching assistants should be submitted first to the supervising instructor, then to the chairperson of the assistant’s department.”

Risk Potential
As you are considering enrolling in a University Sport, Fitness and Health Program class, the University would like you to be aware that participation in any physical activity involves minor/serious risks to your body. Prior to participation you will be asked to read and sign a statement that you (or parent/guardian if under 18) are aware of these risks and that you consent to medical treatment in the event that you are injured. For certain classes that are potentially dangerous, vigorous, and/or involve risky behavior, you will be asked to sign a statement releasing the University and its’ instructors from liability in the event that you are injured as a result of your participation.

Academic Misconduct
The Ohio State University’s Code of Student Conduct (Section 3335-23-04) defines academic misconduct as: “Any activity that tends to compromise the academic integrity of the University, or subvert the educational process.” Examples of academic misconduct include (but are not limited to)
plagiarism, collusion (unauthorized collaboration), copying the work of another student, and possession of unauthorized materials during an examination, or violating any safety rules. Ignorance of the University’s Code of Student Conduct is never considered an “excuse” for academic misconduct.

If I suspect that a student has committed academic misconduct in this course, I am obligated by University Rules to report my suspicions to the Committee on Academic Misconduct. If COAM determines that you have violated the University’s Code of Student Conduct (i.e., committed academic misconduct), the sanctions for the misconduct could include a failing grade in this course and suspension or dismissal from the University. For additional information, see the Code of Student Conduct).  [http://studentaffairs.osu.edu/resource_csc.asp](http://studentaffairs.osu.edu/resource_csc.asp)
