

**General Education (GE) Policy Discussion: fulfilling more than one GE category**

**Spring 2014 and prior policy:** Some GE courses are listed in more than one category; with the exception of the Open Option category, GE courses may be used to fulfill more than one GE requirement where applicable.

**Newly developed summer 2014 and beyond policy:** Some GE courses are listed in more than one category; with the exception of the Open Option category, GE courses may be used to fulfill a maximum of two GE requirements where applicable.

**Ramification to consider:** Students are required to complete both a GE History and a GE Culture and Ideas or Second History component. If allowed to count one course for both categories, students could ultimately take only one history course. Is this the intent of the faculty?

**UGSS recommendation:** Make this, like the Open Option, an exception to the policy. It would then read: Some GE courses are listed in more than one category, GE courses may be used to fulfill a maximum of two GE requirements where applicable. Exception: Open Option and Culture and Ideas or Second Historical Study are unique GE categories. Therefore, a course listed as Open Option and Culture and Ideas or Second Historical Study courses can only fulfill one of the unique GE categories.

**Example with newly developed policy:**

- **HISTORY (3 HOURS)**
  - **- CHOOSE 1 COURSE**
