December 4, 2015

Dr. Gene Folden,
EHE Curriculum Committee
172 Arps
Columbus Campus

Dear Gene:

The Dept of Education Studies is putting forward a set of course in Educational Policy that are designed to complete the options of “special” courses for the program. During semester conversion, the Educational Policy program was developed, but it did not include any courses and no faculty were affiliated with the program. This changed after realignment as faculty in other programs gravitated to the Ed Policy. Consequently, we have been adding the courses in the Ed Policy curriculum and now have a robust program in educational policy. After concentrating on the main content courses for the curriculum, we are now adding the “special” (for lack of a better inclusive term) courses that are needed from time-to-time by every program, to wit:

7897 Special Topics: Educational Policy
7999 Thesis Research: Educational Policy
8193 Advanced Individual Studies: Educational Policy
8895 Seminars: Educational Policy
8999 Dissertation or Thesis Research: Educational Policy

We are asking the curriculum committee to approve these courses. If you have any questions or need additional information, please contact me at your convenience. I am at your service.

Sincerely,

Joe E. Wheaton
Associate Chair
Dept of Educational Studies
