Term Information

Effective Term: Summer 2016
Previous Value: Summer 2013

Course Change Information

What change is being proposed? (If more than one, what changes are being proposed?)
The addition of a "go.osu.edu" short cut in the Course Description

What is the rationale for the proposed change(s)?
To help students more easily schedule their individual riding times.

What are the programmatic implications of the proposed change(s)?
(e.g. program requirements to be added or removed, changes to be made in available resources, effect on other programs that use the course)? NONE

Is approval of the request contingent upon the approval of other course or curricular program request? No

Is this a request to withdraw the course? No

General Information

Course Bulletin Listing/Subject Area: Kinesiology: Sprt, Ftms&Hlth Pr
Fiscal Unit/Academic Org: Department of Human Sciences - D1251
College/Academic Group: Education & Human Ecology
Level/Career: Undergraduate
Course Number/Catalog: 1161.06
Course Title: Horseback Riding: English Style II
Transcript Abbreviation: Horse Ride Engli 2
Course Description: Student will effectively access equipment; walk, jog, or trot without breaking gait, halts on command; learn to canter/lope, and good seat and control. Go to <go.osu.edu/ridingclasses> to schedule individual riding times.
Previous Value: Student will effectively access equipment; walk, jog, or trot without breaking gait, halts on command; learn to canter/lope, and good seat and control.
Semester Credit Hours/Units: Fixed: 1

Offering Information

Length Of Course: 14 Week, 7 Week, 12 Week (May + Summer)
Flexibly Scheduled Course: Never
Does any section of this course have a distance education component? No
Grading Basis: Satisfactory/Unsatisfactory
Repeatable: No
Course Components: Laboratory
Grade Roster Component: Laboratory
Credit Available by Exam: No
Admission Condition Course: No
Off Campus: Always
Campus of Offering: Columbus
Prerequisites and Exclusions

Prerequisites/Corequisites
Prereq: Travel and stable costs are responsibility of the student.

Exclusions
Not open to students with credit for EduPAES 161.06.

Previous Value

Content Topic List

- Review of basic riding terminology
- Horse back riding equipment and troubleshooting
- Review of haltering, leading, saddling and briding a horse
- Review mounting and riding at a walk in the Eastern riding discipline
- Review jog and trot in the Eastern riding discipline
- Jogging in the Eastern riding discipline without breaking gait
- Troting in the Eastern riding discipling without breaking gate
- Halts on command
- Canter in the Eastern riding discipline
- Canter/lope in the Eastern riding discipline without breaking gate
- Learn good seat and control

Required Text: Supplemental textbooks are provided at the first lesson, and the price is included in the lab fee.

Course Description

Fundamentals, skills, and knowledge essential for safe riding in an English/hunt seat saddle. This course is for the rider. Riders should have taken Level 1 Course 1161.05 as a pre-requisite.

Relationship to Other Courses

This is a basic activity course in the Sport, Fitness, and Health Program. It is open to any student at The Ohio State University. There are no prerequisites for this course; however we do observe CHA national standards for horse and rider safety. Based upon these guidelines, a weight limit for riders of up to approximately 250 pounds will be observed.

Course Objectives

The student will demonstrate the appropriate level competence in the following skills:
1. Be able to properly adjust length of irons.
2. Understand and demonstrate a correct and balanced seat.
3. Understand and demonstrate “Ask, Tell, Command” sequence of cues when asking a horse to perform an action and give an appropriate reward for a correct response.
4. Learn the differences in footfall patterns between the walk, trot, canter and gallop.
5. Understand the difference between lateral and diagonal aids.
6. Gain a basic understanding of how to properly ask for a canter.
7. Understand diagonals and begin learning to tell when you are posting correctly at the trot.

**Off Campus Field Experience**

The riding labs for this course are conducted completely off-campus. The course does not have any additional off-campus field experience requirements.

** No class or exam will be held for this course during final exam week.

**Course Requirements/Evaluation**

This course is S/U graded, Satisfactory/Unsatisfactory. The student must achieve 70% or greater to obtain a Satisfactory grade. You are required to ride 5 of the 7 hours in order to receive a satisfactory grade.

**Classroom Policies**

1. Attendance Policy
   This course utilizes the satisfactory/unsatisfactory grading option (S/U). Your grade is
directly related to your participation. If your name does not appear on our final roster, we will assume that you are auditing the class and you will not receive a grade. Riders are required to attend 5 of the 7 hours and score an average of 70% or higher on the open book exams in order to receive a passing grade. There will be no make-ups under any circumstances. Students are required to sign in each week on the attendance roster. Failure to do so may result in an absence. This includes no make-up allowances for exams or work conflicts. If you are in danger of failing the class, you are permitted to make-up the missed classes by the end of the grading period on a PAY PER RIDE basis only, which does not include discounts. Please note that the first class is an orientation and on the ground lesson only, regardless of your experience level. If the University is closed due to weather conditions, you will not ride, and classes will be made up only if the University does so.

2. Tardiness
Anyone arriving more than ten minutes late for class may not be allowed to participate, and shall be marked absent. Please be familiar with the traffic patterns in Northwest Columbus, and know how long it will take you to arrive at the stable on time for your lesson. We are in one of the busiest quadrants of Columbus and if your lesson is scheduled during rush hour you should plan for traffic delays.

3. Registration
Please proceed to the OSU Registration form on the course website http://sgec.net/registrationintro.html to complete the necessary information to secure your lab time. You will also be prompted to pay your lab fees at such time. You will not be able to secure a lab time without payment. Lab times will be sent to all students by the first Thursday prior to the start of the term/semester. Riding classes start the first week of each term/semester.

4. Fees
The stable charges a lab fee which covers the cost of our actual lessons. This fee is currently $191.00 and may be subject to change without notice. Any fees paid after the first week of the semester may be subject to a $25.00 late fee. The lab fees are payable on-line at our website under OSU Registration. Fees can be paid with all common credit cards or with an e-check. If you need to pay your lab fee with an alternate method such as cash, or money order, you will need to call the stable directly to make payment arrangements. Riders will not be permitted to participate until all university and lab fees are paid in full. Non-payment shall result in an absence for each week that fees are unpaid. Returned items are subject to a $35.00 bank fee. Any fee not received by the end of the semester will result in a non-passing grade. Textbooks are included in the price of the lab fee. Lost textbooks will result in a $20.00 replacement fee.

5. Drop & Refund Policy
Instructors for your class are scheduled for the entire term/semester based on the number of students enrolled at the formal registration. With that in mind, lab fees are non-refundable after orientation week. Requests for refunds must be submitted in writing and
be postmarked no later than the Saturday of orientation week. Telephone calls, e-mails, and faxes do not serve as proper notification of intention to drop. Refunds will be pro-rated to include all classes taken and no-shows. All refunds will be subject to a $35.00 processing fee and require the return of textbooks in new condition or the processing fee will be $55.00. Refunds will not be issued until the end of the semester by mail. Please allow 2-3 weeks for processing due to end of semester paperwork and grades. There are no exceptions to this policy, please do not ask. All no-shows will count as a class ridden and therefore charged to you if you drop the class and fail to give the stable the proper written notification.

6. Dress Code
We do not want to inconvenience students by purchasing special attire. Most of you will have the appropriate attire within your casual wardrobe. Appropriate attire includes: long pants, jeans, or riding breeches. Please NO slick clothing, sweat pants or revealing or baggy tops. Please dress according to the weather with appropriate layers on cold days. Riding, driving, or well fitted leather gloves are permitted, but no mittens. Leather shoes or boots with a sturdy toe and up to a one inch heel are the safest footwear, and will help prevent your foot from slipping through the stirrup. Oversized hiking, and work boots may not fit in the stirrups and are not recommended. Tennis shoes are not ideal due to their soft upper construction. Long hair should be secured off the face. Jewelry and other valuables are best left at home. We will ride indoors during inclement weather; however the arenas are not heated. ASTM/SEI approved helmets are mandatory and will be provided by the stables. Students may of course elect to purchase their own personal helmet. Generally, you can find suitable helmets at local tack shops or Tractor Supply Company. Feel free to call the stable if you have any questions on purchasing equipment.

7. Equipment Policy
ASTM/SEI approved helmets are mandatory, and are provided by the stable. If you would like information on where to purchase your own personal helmet, please check with your instructor. All other equipment is provided by the stable.

8. Risk Potential
As you are considering enrolling in a University Sport, Fitness and Health Program class, the University would like you to be aware that participation in any physical activity involves minor/serious risks to your body. Prior to participation you will be asked to read and sign a statement that you (or parent/guardian if under 18) are aware of these risks and that you consent to medical treatment in the event that you are injured. For certain classes that are potentially dangerous, vigorous, and/or involve risky behavior, you will be asked to sign a statement releasing the University and its instructors from liability in the event that you are injured as a result of your participation. Please print and sign the course liability form which is found on the stable’s registration site @ http://sgec.net/registrationintro.html Liability waivers must be turned in at the first class.
Media Waiver

In order to better serve our students across the university, the Sport, Fitness, and Health program will be using social media for program promotion. Students will be asked to complete a Media Waiver form for the purpose of releasing photographs, videos, etc. for use on various media sites. All students must sign the form but have the right to withhold consent based on options provided on the consent form.

Directions

Destination: 7380 Scioto Darby Road, Hilliard, Ohio 43026 (http://www.mapquest.com). Please note that some Android phones are known to give improper directions to the stable, so please double check your route on MapQuest before attending the first class.

Directions from within the complex: Follow the tree-lined drive to the last barn on the left. The lesson barn will have a large #5 on the front. Please follow the speed limit signs we have posted. Speeding will not be tolerated due to the danger to animals, and children at play.

Carpooling: If you require carpooling assistance, please indicate this on your OSU Registration form. A representative of the stable will contact you personally to assist you with names of potential student drivers. Please be courteous about sharing gas expenses with your driver and meeting them on time each week. Gas fees should be discussed with the driver before the first class and paid on time.

Academic Misconduct

The Ohio State University’s Code of Student Conduct (Section 3335-23-04) defines academic misconduct as: “Any activity that tends to compromise the academic integrity of the University, or subvert the educational process.” Examples of academic misconduct include (but are not limited to) plagiarism, collusion (unauthorized collaboration), copying the work of another student, and possession of unauthorized materials during an examination. Ignorance of the University’s Code of Student Conduct is never considered an “excuse” for academic misconduct.

If the instructor suspects that a student has committed academic misconduct in this course, they are obligated by University Rules to report my suspicions to the Committee on Academic Misconduct. If COAM determines that a student has violated the University’s Code of Student Conduct (i.e., committed academic misconduct), the sanctions for the misconduct could include a failing grade in this course and suspension or dismissal from the University. For additional information, see the Code of Student Conduct. HYPERLINK "http://studentaffairs.osu.edu/resource_csc.asp"http://studentaffairs.osu.edu/resource_csc.asp

Citation of Sources

Proper citation of sources used, either print or electronic, MUST be done to ensure you do not commit plagiarism, which is subject to reporting Academic Misconduct as described above. Carmen is equipped with software that instructors use to cross check every submitted paper for comparisons to a multitude
of databases and sources. When an instructor finds a match to an existing source – even a student’s own previous work – the instructor is required to report those findings to the Committee on Academic Misconduct based on the university policies.

There are a variety of style standards for citation and numerous resources to find those guidelines. Below are a few links to assist you.

OSU Libraries:

http://library.osu.edu/find/resources/citation-examples/apa/

An example of the APA Style can be found at this website:

http://www.apastyle.org/

As you continue your academic career, you are expected to have familiarity with proper citation. This class is no different than any other course, so you will be held to the same standards as any other university course. If you have questions or need assistance with citation, you may contact me via email.

Citation Examples:
For APA style, a Reference List is included. Links to examples are given below.

ODS Statement

Any student who feels s/he may need an accommodation based on the impact of a disability should contact one of the instructors privately to discuss specific needs. The Office of Disability Services is relied upon for assistance in verifying the need for accommodations and developing accommodation strategies. Please contact the Office for Disability Services at 614-292-3307 (V) or 614-292-0901 (TDD) in room 150 Pomerene Hall to coordinate reasonable accommodations; http://www.ods.ohio-state.edu/. Please make sure that students know they will be expected to follow Americans with Disabilities Act Guidelines for access to technology.

Statement on Diversity

The College of Education and Human Ecology affirms the importance and value of diversity in the student body. Our programs and curricula reflect our multicultural society and global economy and seek to provide opportunities for students to learn more about persons who are different from them. Discrimination against any individual based upon protected status, which
is defined as age, color, disability, gender identity or expression, national origin, race, religion, sex, sexual orientation, or veteran status, is prohibited.

The Department of Human Science is committed to maintaining a community that recognizes and values the inherent worth and dignity of every person; fosters sensitivity, understanding, and mutual respect among its members; and encourages each individual to strive to reach his or her own potential. In pursuit of its goal of academic excellence, the School seeks to develop and nurture diversity, believing that it strengthens the organization, stimulates creativity, promotes the exchange of ideas, and enriches campus life. The Department of Human Science prohibits discrimination against any member of the school’s community on the basis of race, religion, color, sex, age, national origin or ancestry, marital status, parental status, gender identity, sexual orientation, ability status, health status, or veteran status.

Grievances and Solving Problems

According to University Policies, available from the Division of Student Affairs, if you have a problem with this class, “You should seek to resolve a grievance concerning a grade or academic practice by speaking first with the instructor or professor: Then, if necessary, with the department chairperson, college dean, and provost, in that order. Specific procedures are outlined in Faculty Rule 3335-7-23, which is available from the Office of Student Life, 208 Ohio Union.” “Grievances against graduate, research, and teaching assistants should be submitted first to the supervising instructor, then to the chairperson of the assistant’s department.”

Technology

The use of the course website is employed in this course for dissemination of course information and registration. Web Address: http://sgec.net/registrationintro.html. Additional means of communication between the instructor and students is available through the use of web-based email.
Course Objectives

The student will demonstrate the appropriate level competence in the following skills:

1. Be able to properly adjust length of irons.
2. Understand and demonstrate a correct and balanced seat.
3. Understand and demonstrate “Ask, Tell, Command” sequence of cues when asking a horse to perform an action and give an appropriate reward for a correct response.
4. Learn the differences in footfall patterns between the walk, trot, canter and gallop.
5. Understand the difference between lateral and diagonal aids.
6. Gain a basic understanding of how to properly ask for a canter.
7. Understand diagonals and begin learning to tell when you are posting correctly at the trot.
