

**CLASSROOM: 134**

**TEACHING TEAM: Dilshad & Megan**

**DATE: 5.6.24-5.10.24**

Physical Development and Wellness

- Using small bikes and pushing carts outside
- Stacking blocks and seeing out high we can stack them

Approaches to Learning

- Talking about how to stack the blocks so we can create structures
- Creating an obstacle course outside and running through it

Social and Emotional Development

- Telling teachers when they are all done or wanting more food at mealtimes
- Working on potty training routines

Language and Literacy

- Reading board books about emotions and regulation
- Pointing out labels on the walls and noticing what they say

Children's Interests  
Fine Motor Skills  
Bikes  
Window Markers

Creative Development

- Using window markers on classroom and outside windows
- Using the instruments during songs to make noise

Science

- Looking at bugs outside and talking about their characteristics
- Looking at plants outside and brining them in for a collage

Cognitive Development

- Holding chalk and making marks on the sidewalk with it
- Tracing our hands on the easel

Mathematics

- Counting pegs as we stick them into the pegboard
- Identifying shapes we see outside

Social Studies

- Talking about what we do outdoors with our families
- Creating new family walls with updated pictures

## Teacher Prep/Materials

- Chalk
- Writing easel
- Window markers
- Blocks
- Instruments

## Community Happenings

•Friday mornings Coffee Connections will begin a summer hiatus this month and return in the fall!

•National Teacher Appreciation Week is May 6 - 10! Check the newsletter to see all the ways families and the school will be showing teacher appreciation that week!

•End of the Year Celebration is Thursday, May 30. School will close at 3:30 so we can celebrate our kinder-bound students and enjoy crafts, food and a visit from Picture Perfect Farm animals!
