

CLASSROOM: 146 TEACHING TEAM: Meredith and Camille DATE: 6.30.25-7.04.25

Physical Development and Wellness

Using gross motor skills to hop from one letter to another in a gross motor game of “floor is lava”

Using fine motor skills to connect gears

Approaches to Learning

Translating common everyday things such as numbers and weather into French

Recalling events that happened previously in The Magic Tree House and reciting them to classmates that were absent

Social and Emotional Development

Discussing things that make us feel better when we are sad, following a read aloud

Supporting and helping new classroom friends with new classroom jobs

Language and Literacy

Identifying and located the letter asked of us during a letting identification game

Spelling commonly used words using an xylophone and its letters

Children's Interests

Maps
Vehicles

Animals and Dinosaurs

Creative Development

Using new and unique materials to paint such as feathers and foil

Mixing multiple paint colors and discovering what new color they make

Science

Observing how long it takes ice to melt indoor vs outdoors

Observing outdoor features each day and determining what kind of weather they may indicate

Cognitive Development

Making predictions of what will happen in a story no one in the classroom has yet read

Sorting animals based on similarities amongst their features

Mathematics

Completing a “connect the dots” for numbers 1-30 consecutively

Carefully measuring ingredients in a recipe

Social Studies

Identifying with a stick cities and states on a map that are familiar to us and placing

Completing a globe shaped puzzle and discussing the continents and its features shown on the puzzle

Teacher Prep/Materials

Writing materials

Paint

Xylophone

Magic Treehouse books

Feathers

Glob Shaped Map

Ice

Insect Figurines

Gears

Maps

Measuring Cups

Community Happenings

Family story times happen on
Tuesdays from 4:45-5:15pm.
